

Recommended Adhesive Sealants

Sealex recommends the use of **ImmerBond®** high performance silicone adhesive sealant as the adhesive for **ImmerSeal®**. **ImmerBond®** is a one-part neutral curing medium modulus 100% silicone adhesive sealant that offers primerless adhesion to a variety of substrates.

The following list of high performance silicone sealants may also be used as the adhesive for **ImmerSeal®**. These sealants have been thoroughly tested by Sealex and exhibit excellent adhesion to **ImmerSeal®**. Please consult the silicone adhesive sealant manufacturer regarding adhesion to substrates and use of primers.

Accumetric

Boss® 399: one-part, neutral curing, medium modulus sealant that offers primerless adhesion to several substrates
Available Colors: Clear, White, Blue-White, Bronze, Cocoa, Beige, Black

Chemrex

Omniseal™ 50: medium modulus, neutral cure silicone construction sealant capable of bonding to many substrates without a primer. It has excellent gunability at low temperatures and skins over quickly.
Available Colors: Black, Bronze, Aluminum Gray, Limestone, White

Dow Corning

Dow Corning® 795: one-part, neutral cure, silicone sealant which adheres to most common building materials without the use of primers
Available Colors: White, Black, Bronze, Grey, Limestone, Blue Spruce, Rustic Brick, Charcoal, Sandstone, Dusty Rose, Adobe Tan, Natural Stone

Dow Corning® Contractors Weatherproofing Sealant: one-part silicone material able to adhere to many substrates
Available Colors: White, Limestone, Gray, Black, Bronze, Sandstone, Aluminum, Antique White, Window Bronze, Precast White, Charcoal

General Electric

SilPruf® LM: one-part, low modulus, silicone sealant used for weatherproofing and glazing applications
Available Colors: White, Aluminum Gray, Black, Precast White, Limestone, Bronze

SilPruf® NB: one-part, neutral cure, medium modulus silicone sealant for use in weatherproofing applications.
Available Colors: White, Aluminum Gray, Black, Dark Gray, Limestone, Precast White, Light Gray, Bronze

SilPruf® SCS 2000: one-part, neutral cure, medium modulus silicone sealant for weatherproofing applications.
Available Colors: White, Aluminum Gray, Black, Dark Gray, Limestone, Precast White, Light Gray, Bronze

May National

Bondaflex Technologies™ Sil 200 GPN: one-part, architectural grade, neutral cure, silicone sealant
Available Colors: Translucent, White, Colonial White, Almond, Beige, Limestone, Dusty Rose, Quarry Red, Adobe Tan, Hartford Green, Ivy Green, Gray, Bronze, Black

Pecora

Pecora 864: one-part, low modulus, neutral curing, silicone sealant that adheres to most building materials
Available Colors: Black, Limestone, Precast, Bronze, Tru-white, Aluminum Stone, Classic Bronze, Tan, Red Brick, Hartford Green

Tremco

Spectrem® 2: one-part, medium modulus, neutral cure silicone sealant
Available Colors: Aluminum Stone, Anodized Aluminum, Gray, Limestone, White, Sandstone, Off White, Buff, Precast White, Ivory, Blue Spruce, Adobe Tan, Rustic Brick, Dusty Rose, Charcoal, Champagne, Dark Bronze, Bronze, Light Bronze, Black
